

MISSION AND VISION

APICORP's mission is to contribute to the development and the transformation of the Arab hydrocarbon and energy industries through equity and debt financing, advisory and research.

We will measure our success by our ability to

- Be the partner of choice of oil and gas and energy-related companies, both public and private;
- Be recognized as a world-class professional institution and the leading source of research on the Arab hydrocarbon and energy industries

We will achieve our vision by

- Profitably complementing the offering of private sector financial institutions;
- Attracting and retaining the best professionals in the industry;
- Pioneering solutions for our clients;
- Maintaining a portfolio of activities weathering the cyclicity of the industry;
- Nurturing a performance culture throughout the Company.
